

## Materia

*Design: Daniele Lago*

### *Description*

Both linear and monolithic, designer Materia consoles flaunt multiple textural finishes presenting exclusive patterns and grains, all by using glass. A single unit processed as a block and fully clad in glass is dressed in high-end materials. Thanks to the revolutionary XGlass technology, it boasts a continuous vein and pattern, accentuating its monolithic look. Fronts come with push-pull opening. Made in Italy.

### *Finishes & Materials*

**Structure & fronts:** Polished and Matt glass or XGlass.
