

## Soft

*Design: Daniele Lago*

### *Description*

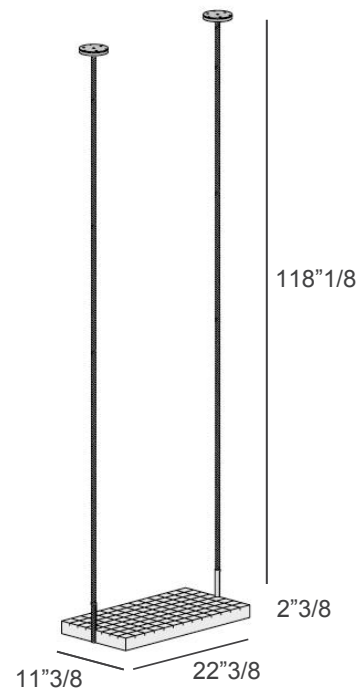

An outdoor swing becomes a fun, colorful indoor chair that fills spaces with life and lightness. Soft Swing is a design-driven swing with a lacquered wood and foam seat. This combination of materials makes the swing seat seem rigid, when in reality the wood mosaic shapes itself to the body under its weight, for a soft surprise.

To render the seat panel more ergonomic, the wood was sectioned into pieces and coupled with a layer of foam that adapts to the pressure of the body.

Made in Italy.

### *Dimensions*

22<sup>3</sup>/<sub>8</sub>W x 11<sup>3</sup>/<sub>8</sub>D x 118<sup>1</sup>/<sub>8</sub>H

### *Finishes & Materials*

**Structure:** Lacquered.
