

Zeppelin

Design: Mauro Lipparini

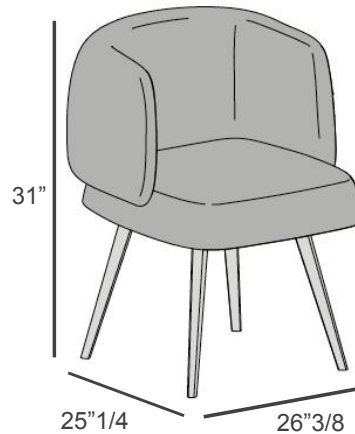

Description

Abundant padding makes for a soft, ergonomic seat with curved, contoured lines that hug and adapt to your body. Expressive and full-bodied, the ergonomic designer chair Zeppelin invites you to sit around the table together and enjoy socializing, whether in a private residential or public space. Curved, contoured lines that hug and adapt to your body define this soft seat. Zeppelin's inviting forms and generous padding ensure this designer ergonomic chair brings a unique sense of comfort into the dining room. Non-stackable. Irremovable fabric cover. Made in Italy.
