Design: Storagemilano

Description

The coffee table family is characterized by a squared-shaped glass top that let you catch a glimpse of the geometrical design of the frame in solid ash wood.

The structure is a distinguishing feature of the project and consists of diamond-shaped rectangles that meet to form a cross, secured by brass metal joints that further embellish the design.

The Shape coffee tables are available in different heights and dimensions and can be used in pairs or individually to become the protagonists of modern living spaces and complement the wide indoor and outdoor collections of the company. Made in Italy.
