

Trousse

Design: Mario Ferrarini

Description

The new Trousse chair is a measured and versatile piece of furniture for the dining area.

The design was created with the intention of crafting a seat with personality but capable, at the same time, of adapting to different settings due in part to its stackability, a peculiarity that makes it versatile and practical. Solid ash wood legs and a wide seat with rounded profiles contribute to the creation of an embracing piece of furniture with a contemporary aesthetic. Made in Italy.
