

Single

Design: Ammannati & Vitelli

Description

If someone could calculate the sense of comfort your favorite pillow gives you... And your favorite sofa... And your favorite chair... they might, just might, be able to create something half as gladdening as Single. Its warm, lulling lines practically occasion a state of calm even before one has settled down. Seat, footrest, and back can be adjusted into a range of positions, each more restful than the next—there really is an advantage to being Single.
