

Air

Design: Daniele Lago

Dimensions

Air is a round coffee table with a sleek, minimalist shape. Explore different heights, sizes and materials to create your own compositions.

The option to combine different solutions makes the round occasional table a dynamic, functional piece. It integrates superbly not only with different interior styles but also with the other furniture in the living room space.

The tempered glass legs are 1/2" thick and secured in place using a stable coupling mechanism, are highly resistant to impact, heat and changes in temperature, making for a resistant, long-lasting product.

Made in Italy.
