

# Wadi

*Design: Daniele Lago*

## *Description*

A clean cut divides the elliptical base of the elegant Wadi table into two sections, creating a striking, dynamic design. The base, is marked by a bold diagonal cut that guides the gaze towards a new perspective, contrasting with the light, slender top, available in three shapes and different materials: from Wildwood to glass and the luxury XGlass finishes in marble, metal, wood and fabric.

Wadi offers captivating structural rigour with a contemporary, architectural stamp. The result is an elegant table with bold lines to furnish your space in an original way. The Wadi table is also available with a rectangular or shaped top.

Made in Italy.
