

Empire

Design: Marco Piva

Finishes & Materials

- Top:** Painted metal.
- Base:** Painted Wood.
- Structure:** Wood.
- Drawers:** Wood or leather.

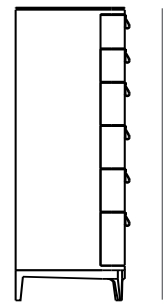

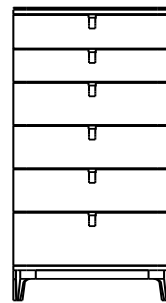

Description

The Empire weekly magazine grows in height just like the Empire State Building. The drawers - as if they were the floors of a skyscraper - are covered in nubuck leather and complete the warm walnut wood structure which rests on black chrome painted wooden feet.

A practical dresser which, due to its versatility, can be placed in any room of the house, with its chromatic and material combination which makes it suitable for different contexts, to "stand out" in each of them.
