

Muna

Design: Danilo De Rossi

Description

Suspension lamp with blown white glass sphere encased in a transparent ruled dome with gold or blue shaded finish. Light gold or chrome metal structure. Adjustable cable. No dimmable driver included. Muna represents the artistic transposition of the planet. The technique used, white blown glass with crystal fragments created a magical resemblance to the lunar surface. Made in Italy.

Light source Single pendant A (110V):

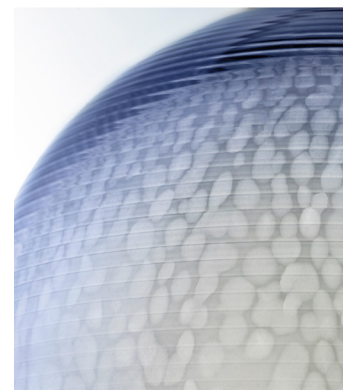

LED: 7,8W - integrated non-replaceable LED module
Lumen: 1000 - **Color Temperature:** 3000K - **CRI:** >80

Light source Single pendant B (110V):

LED: 15,5W - integrated non-replaceable LED module
Lumen: 2000 - **Color Temperature:** 3000K - **CRI:** >80

Light source three pendants (110V):

LED: 31W - integrated non-replaceable LED module
Lumen: 4000 - **Color Temperature:** 3000K - **CRI:** >80

The technique used, white blown glass with crystal fragments created a magical resemblance to the lunar surface.
