

Materia

Design: Daniele Lago

Description

Functional bedroom storage units furnish any type of bedroom with style. An elegant, continuous grain and pattern embellish the surfaces of the Materia modern dressers with wood, marble, metal or fabric printed onto glass using the revolutionary XGlass technology. A single block-worked volume is clothed in precious materials that, thanks to the mentioned XGlass technology, provide continuity of exciting grain and pattern, enhancing its monolithic effect. Materia dressers can be wall-mounted, making the spaces easy to clean and creating a sense of levity in the bedroom. The fronts feature push-pull openings.

It provides versatile customization options, offering a single-color version, or a two-color version—available only when the structure is in Aqua Glass or XGlass—that allows the sides and fronts to feature a different finish from the top.

Made in Italy.

Finishes & Materials

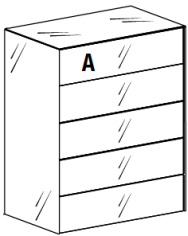

Top: Polished and Matt Glass or XGlass.

Sides and Fronts: Polished and Matt Glass/XGlass or Aqua Matt Glass/XGlass.
