

La Goccia

Description

This collection expresses the happy convergence between the inclination to experiment the use of the curved geometries with haute couture, basic feature of Mascheroni lifestyle. The result comes in strongly dynamic shapes: a monoblock which contains back, seat and armrest sculpted from a single block of material. Despite its scenic presence, the project was designed for the home and it required a careful analysis of the dimensions in addition to a specific study of the leather covering that enhances its sculptural appearance. Each Italian handmade Mascheroni product is marked with a plate engraved with the brand "Mascheroni srl Made in Italy" which certifies its authenticity.

La Goccia

Dimensions

A: 55"1/8W x 33"1/2D x 31"H

Seat width: 42"1/2

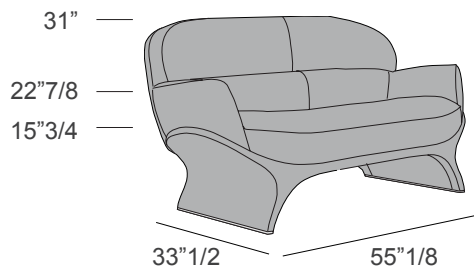

Seat depth: 20"7/8

B: 76"3/4W x 33"1/2D x 31"H

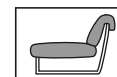

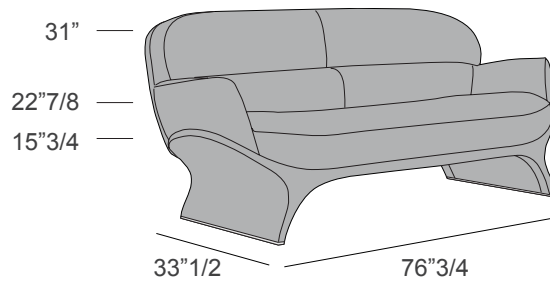

Seat width: 63"

Seat depth: 20"7/8
