

Magicabula

Description

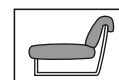

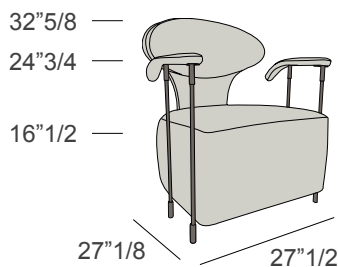

Magicabula is a drawn stroke, a game of curves, an object on which to be comfortable but without indulging in unrefined poses. Once seated, the height of the armrests makes it impossible not to assume a regal attitude, as would a king or emperor on his throne. It has small dimensions and a fine visible steel structure black powder-coated lightly balanced on precious brass feet. The seat the back and armrest upholstered in leather give an elegant touch that is well suited to this precious armchair. Each Italian handmade Mascheroni product is marked with a plate engraved with the brand "Mascheroni srl Made in Italy" which certifies its authenticity.
