

## Aspen

### *Description*

Refined showcase with a structure made in Italian poplar block-board, veneered with European or Exotic real woods with same finish for the outside and the inside, with a 45° assembly. The feet are made of brass.

This elegant piece features three inner shelves, cabinet sides and doors in extra-clear glass. The doors include locks.

It is also equipped with two bottom drawers covered in Leather, with fully synchronized slide technology and a soft-close damping system.

Available optional:

Inside touch activated LED lighting applied to the upper part of the showcase.

Made in Italy.
