

Tropicalia

Design: Patricia Urquiola

Description

Chair and armchair with tubular structure in stainless steel or lacquered steel. PVC glides. Seat, backrest and armrests in technopolymer thread weave or artificial leather weave. Only for indoor use.

The designer has creatively disguised the structure, allowing the seats to take on different personalities depending on the color schemes employed. The threading resembles a pencil line; on a surface that is both graphic and structural it becomes both a constructive gesture and a form of identity. Made in Italy.

Dimensions

Chair: 21"1/4W x 22"D x 31"7/8H
SH: 17"3/4

Armchair: 23"1/4W x 22"D x 31"7/8H
SH: 17"3/4 | **AH:** 26"3/8
