

Bureau

Design: Esa Vesmanen

Description

The elegant Bureau desk is a modern piece of furniture ideal for writing, surfing (the Internet) or daydreaming. This refined desk structure comes with a removable upper shelf and writing surface in premium matt lacquered MDF and legs in high-end solid wood. LED light and cable hole inside included. It is ideal for small homes where the spaces become poly-functional. Bureau in fact stands out for its discretion, thanks to the characteristic of closing in on itself, hiding inside the privacy of its users. Made in Italy.
