

Delta

Description

Executive desk with drawers and crystal top. Solid walnut strip structure, 3/4" thickness. The wood finish is hand-made by using natural oils only. This type of finish can be applied again after years to preserve the product and to grant a long life span to the product. The special carving on the wood is partially cut by electronic systems and partially hand-curved. Delta project includes table, console and writing desk with crystal top. The modular system enables to create different kind of compositions: libraries, console, chest of drawers, cupboards, cabinets, small tables and magazine racks. All pieces can be customized with leather inserts or can be produced completely in wood. Each Italian handmade Mascheroni product is marked with a plate engraved with the brand "Mascheroni srl Made in Italy" which certifies its authenticity.
