

Eclipse 21641 / 21642 / 21643 / 21644

Description

Suspension lamp that features a terminal hammered metal ring that serves as a central and reflective element for light, adding a touch of sophistication and style to the overall design.

The suspended structure of the Eclipse Model creates an enchanting visual effect, while the terminal ring reflects and diffuses light suggestively. The hammered metal adds a captivating texture, contributing to creating an enveloping and dynamic brightness in the environment. Made in Italy.
