

Median 21627 / 21628

Description

Suspension lamp characterized by a sleek and sophisticated shape, this lamp is crafted with hammered or smooth metal and pure crystal, creating a harmonious fusion of exquisite materials. The hammered metal gives a unique texture, adding visual depth and a touch of rustic refinement. The combination of metal and pure crystal creates a sparkling and enveloping light, spreading timeless elegance throughout every corner of the space.

The versatility of the Median suspension lamp is expressed through its two sizes, offering the possibility to create customized compositions. Whether choosing a linear arrangement or a more intricate configuration, this suspension lamp perfectly adapts to any environment, from the dining room to the living room. Made in Italy.
