

Triad 21661

Description

Ceiling lamp composed of a central hammered metal cylindrical structure combined with three concave plates where light sources rest, creating a unique lighting effect. The hammered surface of the metal adds an intriguing texture, while the light from the plates create suggestive plays of light.

This model is perfect for those seeking a balance between contemporary style and artisanal details. Made in Italy.

Light source:

3xCOB 15W LED 3000K - 4725 lumen

Dimensions

Ø27"1/2 x 21"1/4H

Canopy: Ø4"
