DETAILS

Wooden or metal base

Handmade capitonné processing

Description

Born from the Eve Plus lounge chair, this version welcomes a process that has been handed down for generations. The capitonné is the emblem of manual skills, tradition and attention to detail. Offered in a wide range of leathers and fabrics, it also lends itself to combinations between the two, so as to always create unique pieces.

Available in different versions:

- . Mono-cover: upholstered in fabric or leather.
- . Bi-cover: external cover in leather and internal cover (seat cushion included) in fabric, or same category and different color.

The base that supports it can be in wood or metal in various finishes. Made in Italy.

Technical information:

- . Structure: Poplar plywood and solid wood.
- . Seat springing: Criss-crossed elastic straps.
- . Fillings: Fixed frame and backrest in differentiated density 21/30/40kg/m³. Fixed seat cushion in polyurethane foam density 25/35kg/m³.
- . Detail: On the backrest and armrests the Capitonné processing is carried out, a process that requires great manual skill. A series of rhombuses are created which are then fixed by applying buttons.
- . Base: In lacquered oak or solid walnut Canaletto wood, turned parts, by master craftsmen with strong structural grafts of fine workmanship, or in lacquered metal or galvanized, feet with appropriate plastic glides.
