### Dimensions

35 3/8" W x 37" D x 30" H

Seat height: 16 1/2"

### Description

Lounge chair with structure in poplar plywood and solid wood and upholstery in fabric or leather. The quilting is completely handmade, a process that requires great manual skill as well as very meticulous and accurate work. A series of large diamond shapes are created in the middle of the backrest and gradually approaching at the armrest, the size of the diamonds is reduced and then buttons of the same coating are applied.

Available in different versions:

- . Mono-cover: upholstered in fabric or leather.
- . Bi-cover: external cover in leather and internal cover (seat cushion included) in fabric, or same category and different color.

A comfortable chair that combines the tradition of craftsmanship such as handmade capitonné with the clean lines that characterize contemporary style. The result is exceptional, both in terms of aesthetics and ergonomics. Made in Italy.
