

## New Kap

*Design: Carlo Bimbi*

### Description

Ottoman available in the round or square versions. Structure in poplar plywood and upholstery in fabric or leather. The quilting is completely handmade, a process that requires great manual skill as well as very meticulous and accurate work. A series of diamond shapes are made and then buttons made from the same covering are applied.

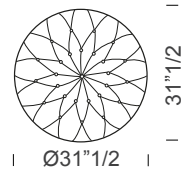

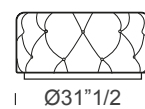

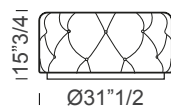

Two simple shapes that become unique because they are made entirely using the artisanal technique of handmade capitonné. Elements that enrich any environment in which they are used. Made in Italy.

### Dimensions

**Round ottoman:** Ø31"1/2 x 15"3/4H

**Square ottoman:** 27"1/2W x 27"1/2D x 15"3/4H
