

Regina

Design: Andrea Andretta

Description

Ergonomic chair born as a Scandinavian style armchair with a solid wood structure, fixed seat and back cushions in 40Kg/m³ density polyurethane foam. The seat and back padding can be upholstered in a fascinating and refined variety of fabrics and leathers.

Regina is available with and without armrests and even without backrest padding for an even more clean look. Perfect to fit around the table in the dining room or kitchen, but also as a restaurant chair. Made in Italy.

Regina
