

# Maritime

*Design: Benjamin Hubert*

## *Description*

The Maritime armchair is inspired by the maritime world. An elegant and refined chair carefully constructed from solid timber. The precise and refined balance between the structure and the surfaces, assembled by hand using precision crafted pieces add to the value of Maritime. The curved surfaces follow the grain of the timber adding softness and sinuosity to the solid oak structure. Made in Italy.

## *Finishes & Materials*

**Structure & legs:** Wood.

**Cover:** Fabric or leather.
