

Clubby

Design: Christophe Pillet

Description

The Clubby lounge chair is particularly suited to shared spaces and is most commonly associated with the contract sector, as a result of its compact proportions and the wide range of available upholstery.

It offers extensive customization options, including a single-texture version in Leather or Fabric and a bi-texture version featuring Saddle Leather on the outer shell.

Its versatility and tailored finishes make it a stylish and practical choice for various environments.

Made in Italy.
