

Hug

Design: Werner Aisslinger

Description

Hug is a modular sectional characterized by complex geometric shapes, great comfort and extraordinarily simple lines able to evoke classic style. Modularity makes it possible to create customized linear and angular layouts of varied sizes and shapes. The volumes are welcoming, with high enveloping backrests and the armrests are slightly curved outwards almost like petals, recalling organic forms from the botanical world. Armrests and backrests are removable, allowing a wide customization of compositions, and seat modules are upholstered on all sides.

Optional decorative or lumbar support cushions available.

Made in Italy.

Finishes & Materials
