

# Backstage

*Design: Salvatore Indriolo*

## *Description*

The elegant Backstage mirror comes with a black lacquered sheet-iron structure and shelves. Mirror protected by self adhesive polyethylene safety film. Frame made from extruded anodized aluminum. Mirror design evolves and integrates with new features. A fixed and safe mirror hides a metal storage container that slides left or right to reveal its contents. Customizable with two type of shelves, this complement is a true “home backstage”, which can also become the star performer at center stage. Made in Italy.

## *Finishes & Materials*

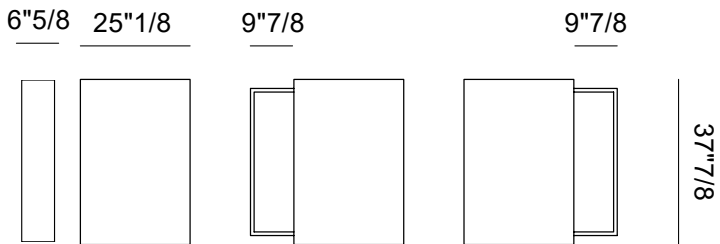

**Structure:** Painted metal.
