

# Mayor

*Design: Marco Piva*

## *Description*

The elegant Mayor sideboard available in Low and High versions comes with the structure in elegant lacquered MDF and is supported by two symmetrical legs with soft lines in high-end metal, joined to the piece underneath only at the sides. The large central top, like the famous Spanish square, is slightly recessed and comes in premium marble, fenix or glass with a side edge with no edges that softens the entire large structure. Made in Italy.
