

## Ripples

*Design: Sth*

### *Description*

The elegant Ripples stool has blossomed into a collection of different furniture complements. Amongst them, we may highlight the Ripples stool, fabricated with a laminated composite of five different solid woods. The seat shape, carved with industrial technology yet entirely hand-finished, feels soft and rich due to both the ductility of wood and Horm's passion for craftsmanship. Slide your hand along the surface to feel the seamless transition between walnut, mahogany, cherry, oak and ash. Made in Italy.
