

Tout Le Jour

Design: Marc Thorpe

Description

The luxury Tout Le Jour collection is a collaboration between Horm and Marc Thorpe and it is divided into a sofa, a lounge, a chair and a coffee table. The sensitivity of the collection is rooted in the honesty of the materials and the structures used for the production of furniture: a combination of premium metal, high-end leather and marble, summarised in an elegant rhythm of proportions and details. Made in Italy.

Finishes & Materials
