

Divine

Design: Maurizio Manzoni

Description

Introspection fuels unlimited creativity, and the Divine bed embodies this spirit with its ethereal design. The seam line along the cushions accentuates the purity of its contours, while the headboard exudes refined solidity. A delight to behold, it rewards those who appreciate the elegance hidden in the smallest sartorial details.

Designed to impress from every angle, this bed can also be located in the middle of the room, thanks to the refined details on the back of the headboard and the metal plates set in the structure.

It provides versatile customization options, offering a single-color version or a two-color version that allows the headboard cushions to feature a distinct finish from the external headboard and frame.

The Queen size offers a single slat or two separate slats, while the king size features two separate slats exclusively. For the two separate slats, a metal support is included in the middle. The mattress is not included. Made in Italy.
