

Lip

Design: Marco Fumagalli

Description

Lip embodies generous volume and solid refinement, with soft curves that redefine spatial proportions and add a touch of sophisticated voluptuousness. Bold and unapologetic, this monolithic sideboard invites light to trace its contours, highlighting the harmonious interplay of curves along the edges and the elegance of its central body.

A luxurious marble decorative detail on the top adds a refined touch.

The robust supporting structure exudes a sense of hospitality, making Lip a warm, welcoming addition to any home. Its base complements a design that seamlessly blends lines and circles, creating a dynamic aesthetic. Round arches provide stable support, while the square drawers contrast with the circular marble top, resulting in a striking centerpiece that enhances the character of your space.
