

Tab

Design: Stefano Conficconi

Description

Tab is a modern reinterpretation of comfort, blending visual and physical appeal. The warmth of leather meets fabric in unexpected forms, with the structured lines of its frame contrasting the soft, inviting shapes of the padding. Subtle contrasts of color and texture create an understated elegance that feels both timeless and contemporary.

Each module, crafted with meticulous attention to detail, features a wide seat that can be customized with a mix of colors and materials. Designed for versatility, the modules connect seamlessly to expand comfort and refresh the composition, embodying a refined geometry where every detail invites discovery and personal expression.

It provides versatile customization options, offering a single-color version or a two-color version that allows the seat edges, armrests and back panels to feature a distinct finish from the backrest cushions and seat. Decorative cushions padded with siliconized microfiber and a roll cushion made with polyurethane foam, covered with an acrylic fiber layer are available as optionals.

Made in Italy.

Finishes & Materials

Frame: Multilayer poplar wood with elastic belts support.

Backrests & Armrests Frame: Metal.

Padding: Polyurethane foam covered with siliconized microfiber

Upholstery: Removable Fabric or non-removable Leather.
