

Tao

Design: Marco Fumagalli

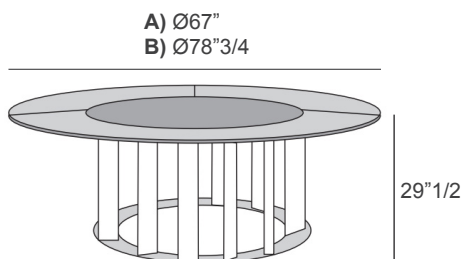

Description

Tao's round wooden top features a striking Lazy Susan turntable in ceramic with a marble effect, combining functionality with elegance. The sculptural base, a dynamic twist of legs, shifts in appearance depending on your angle, making Tao truly unique from every perspective. The contrast between the rotating upper surface with its Lazy Susan and the sculptural base creates a style that defies categorization. The result is a stunning visual impression: a world resting on marble pillars. Made in Italy.
