

Fork

Design: Tomoya Tabuchi

Description

Bistrot table with base composed of aluminum drawn tube with elliptical section and a 4-way connection in die-cast recycled aluminum powder coated with a fixing plate for the top.

Legs in aluminum extrusion veneered in wood or powder coated in several finishes. Adjustable knurled glides in nylon. Tops with beveled edge in plywood of birch veneered in oak or in MDF if lacquered or in HPL Fenix®. Edges are lacquered in the same color of the top.

Fork table pays homage to the combination of Italian craftsmanship and Japanese minimalism. It has a highly functional round top and legs inspired by the branches of a tree. It is ideal in the home, in bars or in offices. Made in Italy.

Dimensions

Ø35"3/8 x 29"1/8H
