

Kipu

Design: Anderssen & Voll

Description

Rounded triangular shaped ottomans that were created among waves, and time and the wind have smoothed them and made them precious pebbles which alternate in compositions thanks to an exciting variety of shapes and colors. One pebble after another, like walking on water.

This ottomans feature moulded polyurethane foam double density and polyester fiber, all fire-retardant, with protective water-resistant and breathable fabric layer and finished with uv stable outdoor removable fabric. Base in marine plywood with glides in polypropylene. Also, water resistant protective covers are available as an optional.

Minimum dimensions, maximum comfort. In its smallest size, kipu is a comfortable and versatile ottoman ideal for complementing outdoor lounge areas and furnishing home terraces and gardens where space may be limited. The mini version of kipu can be combined with five other available sizes. In its medium-sized version, kipu is an excellently complement to a dynamic and lively environment and in its largest version, kipu works almost as an island in a calm sea and it becomes a comfortable seat ideal also for relaxing. Made in Italy.
