

## Ori

*Design: Romano Marcato*

### Description

Workstation with square top available in wood or HPL Fenix® and sound-absorbing fabric partition panel. Top access in the same finish as the top with powder coated metal tray for cable management. The slanted legs are offered in powder coated metal and solid ash wood, the wooden part can be easily removed to allow cable management. Felt glides. Its elegant minimalist character and the option of an electrified top make it a flexible and functional piece of furniture for every need: for working or socializing. Where the wood and metal come together and hide the cables that feed the top. Ori is an interesting and versatile solution for work areas. Made in Italy.

**Optional:** Socket USB-power Wieland cable 11"7/8 included. Top thickness: min 3/8" Depth: 2".  
 1 socket / 1 cable • 2-3 sockets / 1 cable + 1 connector • 4-5-6 sockets / 2 cables + 2 connectors
