

Brera

Design: Massimiliano Mornati

Description

Sideboard with storage, left side in glass and right side in natural or lacquered wood. LED light applied inside the glass portion. Painted metal feet.

Classic style and light but capacious structure equipped with glass shelves. Available in two versions: the first one is simple and symmetrical while the second one is made informal and cozy by the glass doors through which the backlit shelves can be glimpsed. Two sideboards whose quality can embellish the surrounding environment. Made in Italy.
