

Lycos

Design: Marco Pozzoli

Description

Extendable dining table. Base in painted metal or concrete, top available in different finishes.

In the chessboard of your living room project, Lycos table evokes the shape of a bishop, dominating the scene with solid elegance. The top is round, ready to extend to new experiences. A table sculpted on your everyday needs, with tops and extensions available in multiple materials, all-wood too. For you and your guests, checkmate. Made in Italy.

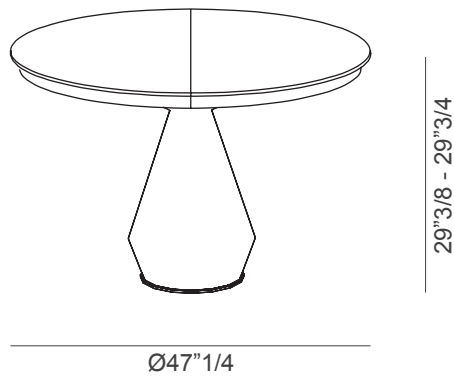

Lycos
