

Sea

Design: Luca Roccadadria

Description

Contoured mirror with curved frame. Sea surprises us with the nonconformity of its curved glass frame, which envelops the magic of the mirror like a precious veil. Irregular shapes and asymmetries capture us and push us towards innovation, welcomed by precious smoked and bronze glass, capable of creating paths of light with unlimited potential. Made in Italy.

Dimensions

Ø47"1/4 x 3"1/2D
