

## Su&Giù

*Design: Giulio Manzoni*

### *Description*

Transformable coffee table that turns into a dining table. Folding doubling top. Solid wood structure and gas lifting device. Adjustable at any height.

Coffee table that becomes a dining table, completely made of wood for the first time. The crossed base, adjustable at any height, perfectly matches with the extendable folding top. This extraordinary piece of Italian furniture is able to harmoniously stand out with the living environment, in fact the game of intersections of the elevating base creates a perfect combination of design and efficiency. Made in Italy.
