

4X4

Design: Giulio Manzoni

Description

Defined by a bold geometric base, this fixed dining table brings a sculptural presence to contemporary interiors. Its four-legged structure creates a distinctive architectural silhouette, giving the table a strong visual identity while maintaining a balanced and refined overall composition.

Available in two sizes, each version is distinguished by its own tabletop shape, allowing the design to adapt naturally to different dining spaces and interior layouts. The combination of the substantial top and expressive base creates a harmonious balance between visual weight and clean, contemporary lines.

Made in Italy.

Finishes & Materials

Top: Wood, pyroceramic, closed pore lacquers.

Structure: Metal.
