

Discoteca

Design: Bosco Fair

Description

The Discoteca dining table is a hymn to the 70s that takes a more sophisticated turn, with the top and Lazy Susan in solid marble, resting on the musical composition of the tubular legs.

A piece of great impact. The Lazy Susan in the centre of the table, made of the same marble as the top, accentuates the monumentality of this extremely elegant table. The underside of the top is lacquered in Casa Casati orange (Casa Casati's signature color). The brass legs are available in various finishes. Made in Italy.

Discoteca

Dimensions
