

## Giorgio

*Design: Bosco Fair & Emanuele Genuizzi*

### *Description*

Giorgio III and Giorgio IV are the sideboards of a family of lacquered containers inspired by Louis XV pieces with Chinese lacquered panels. Available in two different lengths and fitted with drawers and glass shelves. The external finishes range from the exclusive Oxblood lacquer, done by hand applying different colors to obtain depth and tonality, to the wood finishes of the collection.

All these finishes are enhanced and protected by a glossy transparent lacquer. The internal finish is also in various wood or glossy lacquer finishes. The back of the cabinet is finished in Casa Casati Orange lacquer (Casa Casati's signature color). Made in Italy.
