

# Not Riddled

*Design: Steven Holl*

## *Description*

The luxury Not Riddled sideboard features a set of diamond-shaped doors that can be operated without hinges. Steven Holl has managed to shape a wood-fabric piece that through small, laser-inscribed incisions, can be folded in an origami-like fashion, holding the container sides. Not Riddled is the sublimation of a contemporary and intelligent application of mechanical innovation. Made in Italy.

## *Finishes & Materials*
