

## Byblos

*Design: Studio Ozeta*

### *Description*

Modular bookcase with adjustable horizontal and vertical configuration. Wall anchorage system for off-ground suspension mounting.

A bookcase with irregular shapes, with uprights and shelves that intertwine and invert in a play of geometries. Orientable vertically and horizontally, on the ground or suspended, Byblos is a sort of labyrinth, a creation suspended between order and chaos, whose beauty is unique. Made in Italy.

### *Dimensions*

29"1/2W x 10"1/4D x 85"H
