

CO4L

Design: Giulio Manzoni

Description

Extendable console with top and 3 extensions in wood. Aluminum telescopic mechanism, metal legs.

CO4L is a console with a high visual impact and a perfect piece of Italian furniture for various environments, from a desk to a support table for an entrance. The thick top, in addition to enhancing the wood essences, conceals 3 folding extensions that allow this console to extend up to 72"1/4. Base in painted metal characterized by 4 perimeter legs which guarantee sitting comfort even in width. Made in Italy.
