

# Metrò

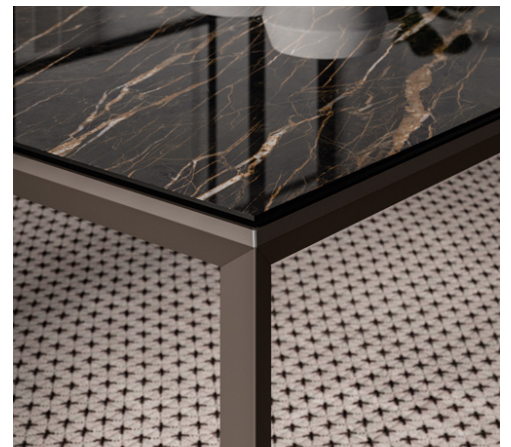

*Design: Toshiyuki Yoshino / Studio Ozeta*

## *Description*

Extendable dining table in extruded aluminum. Top and retractable extension in glass or laminated ceramic glass. Two legs equipped with wheels and optional additional extension.

Metrò is a high-performance table, characterized by a linear and essential design. The retractable extension under the top allows you to reach significant dimensions, making the contemporary design with made in Italy character and style. The surfaces of the ceramic tops are enhanced by warm veinings, always different, for a unicum of extraordinary beauty. Made in Italy.
