

Viva

Design: Toshiyuki Yoshino / Studio Ozeta

Description

Fully upholstered leather chair, matching stitching.

Viva is a harmonious and rigorous seat. The backrest is formed by a curve that gently falls in order to accompany the seat downwards, here it timidly comes into contact with the seat at the two lateral ends. The monometric coating enhances its elegance and allows it to maintain its value over time. Made in Italy.

Dimensions

17"3/4W x 18"7/8D x 32"5/8H
